

Sacramento Department of Transportation Operations and Maintenance 2024 Overlays

DOT Maintenance Overlay Projects:

- DOT maintenance overlays contain ADA improvements usually consisting of the following improvements:
 - **ADA curb ramps.** Install ADA curb ramps at intersection corners: four ramps at a 4-way intersection and three ramps at a 3-way (or “T”) intersection.
 - **Audible pushbuttons.** Install or upgrade pedestrian pushbuttons to audible pushbuttons at signalized intersections.

2023 Maintenance Overlay Projects:

- I previously presented at the DAC on March 21, 2023, and reported on six overlay projects planned for 2023.
- Four projects were constructed:
- **AC Overlay 2023 Phase A:**
 - 109 ADA ramps
 - No audible pushbuttons
- **AC Overlay 2023 Phase B:**
 - 77 ADA ramps
 - No audible pushbuttons
- **AC Overlay 2023 Phase C:**
 - 45 ADA ramps
 - 16 audible pushbuttons
- **AC Overlay 2023 Phase E:**
 - 35 ADA ramps
 - No audible pushbuttons
- **2023 Project Totals:**
 - 266 ADA ramps (Average Cost: \$15,000. Total Cost: \$4.0M)
 - 16 audible pushbuttons (Average Cost: \$3,900. Total Cost: \$62,000)

2024 Maintenance Overlay Projects:

- Six overlay projects planned for 2024.
- **AC Overlay 2023 Phase D:**
 - 102 ADA ramps
 - 16 audible pushbuttons
- **AC Overlay 2023 Phase F:**
 - 93 ADA ramps
 - 22 audible pushbuttons
- **AC Overlay 2024 Phase A:**
 - 147 ADA ramps
 - No audible pushbuttons
- **AC Overlay 2024 Phase B:**
 - 196 ADA ramps
 - 2 audible pushbuttons
- **AC Overlay 2024 Phase C:**
 - 25 ADA ramps
 - 11 audible pushbuttons
- **AC Overlay 2024 Phase D:**
 - 34 ADA ramps
 - 20 audible pushbuttons
- **2024 Estimated Project Totals:**
 - 597 ADA ramps (Estimated Total Cost: \$9.0M)
 - 71 audible pushbuttons (Estimated Total Cost: \$280,000)
